Ernest Hunter Green

Ernest Hunter Green website

For Ernest Hunter Green's recruitment based website, the client has the ability to add their own roles to the website. We also created a custom application where the website user can send their CV and apply for a job via the site.

Naturally the site had to work optimally on all platforms from laptops to phones.

Datoniq website

The Datoniq site was designed to drive interest and enable users to make enquiries. Our goal was to provide a manageable CMS which is easy to use and allows content to be uploaded and edited without hassle.

We developed design and copy content that was adopted across all markets, not just online but throughout their entire suite of marketing materials.

Creating Better Futures website

CBF is a UK charity who believe education is the key to overcoming poverty. The user journey was worked on to ensure that it was highly engaging and intuitive, telling the story of the charity.

Emotive imagery alongside powerful calls to action were developed to connect the audience with the charity, getting them to engage and donate to the charity.

3T Group website

3T approached ClearBrand wanting to modernise their previous site. We created a strong UX and enhanced the brand identity by decluttering. We allowed 3T Group to communicate their expertise.

The site also features a custom calculator to allow the user to see which service is right for them.
